CORAL is a series designed by a rising Chinese talent, SUNS, who already has won several prizes, such as the Red Dot Award. He is part of the avant garde of a “new modern” Chinese style, that takes elements of traditional furniture to make more abstract modern designs that excel in proportion and elegance. He got inspiration in corals found along the sea in the sand.

CUZCO

the three main colors of our high quality thick glass:

Ink Blue
IB

Our deep blue remains the best-seller. Blue is 2020 color of the year.

AMBER
AM

Dark warm orange, like the natural amber stones. For us the new trend!

TRANSPARENT
TR

As natural as can be and on request of our designers, pure transparency.
